X **WAVE** 3.9 / 2.9 **IIX** FLEXIBLE DISPLAY

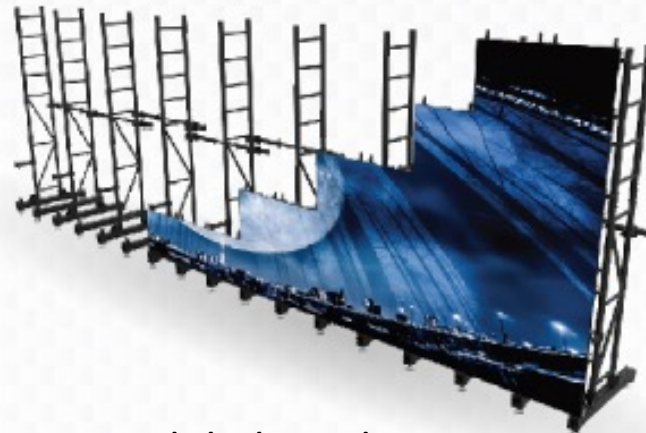

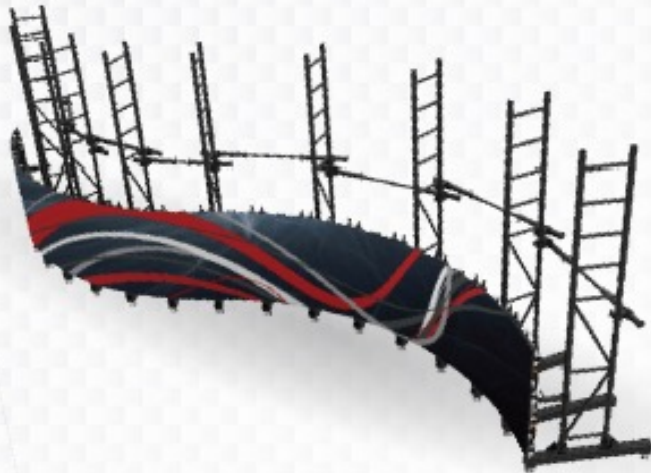

INFILED

The X II series is an ideal option for creative LED installations featuring extremely smooth curves and wide viewing angles. With a bend angle that can reach up to $\pm 30^\circ$ and 7 position adjustment gears it can adapt to unlimited installation possibilities. The X II series combines innovative design

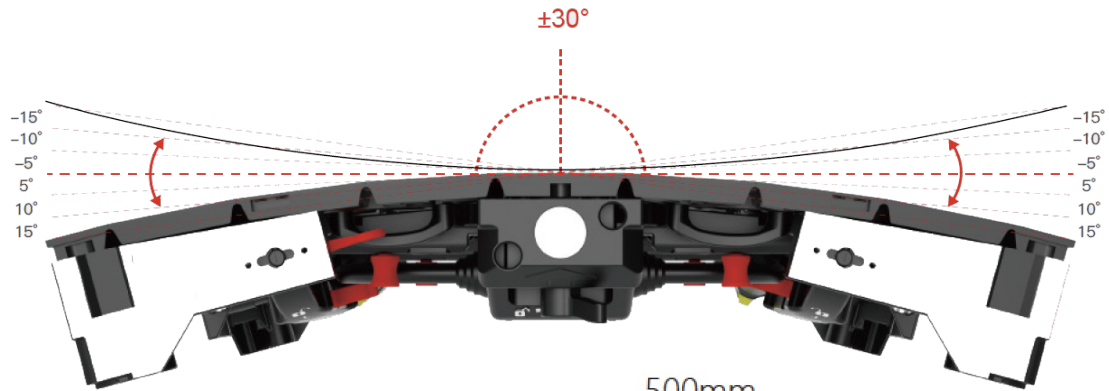

and patented modules, allowing to replace the control unit without tools for easy use and maintenance. Highly flexible, ultra-thin and lightweight, the X II series is an ideal curved LED display!
